Ecole Chemse El Maarive
- Licence 2021-2024
Faculté des Sciences et Techniques
- Master Now
Faculté des Sciences et Techniques

Experience

- Internship 2 Month
Web Development
I completed a 2-month internship at EJTech, where I gained valuable experience in software development and team collaboration. During this time, I worked on real-world projects, enhancing my skills in web development and problem-solving. I contributed to building and improving web applications using modern tools and technologies. Additionally, I learned how to follow best practices in coding, project management, and agile workflows, preparing me for future professional challenges.
